

To Whom It May Concern:

My name is Justin Kurdila, and I am a Senior QA Engineer seeking a job in the software quality assurance field. I have been working in the information technology industry for 10+ years and have a passion for quality software. I've worked in QA for 5+ years and am highly motivated to continue my career in the QA field. Overall, my interests are in writing and reviewing test automation while expanding my knowledge in the QA field. I firmly believe in the values of integrity, compassion, relationships, innovation, and performance and I live these values every day.

I am excited about the opportunity presented by your company, and I know my application aligns with the job requirements. My previous and current experience prove my qualification for this position. Currently working as a Senior QA Engineer, I am enabled to immediately contribute at your company. In my previous professional and academic experience, I have learned to approach all new challenges in a detail-oriented, eager, humble, and precise manner.

My current accomplishments:

- \* Designed and implemented hundreds of automated test cases using JavaScript, Cypress, K6, Postman, and Gitlab CI/CD
- \* Designed and implemented several dozen new automated tests using Python/pytest, Selenium, and Selenium IDE
- \* Manage, monitor, and debug various automated test suites comprised of over 190 automated tests
- \* Managed and approved over several dozen releases to production users – on a weekly release cadence
- \* Trained and educated many new QA Engineers
- \* Earned two International Software Testing Qualifications Board (ISTQB) certifications
  - o Certified Tester, Foundation Level
  - o Certified Tester, Advanced Level Test Automation Engineer
- \* Graduated with a master's degree in Information Technology from Kennesaw State University in 2021
- \* Graduated with a bachelor's degree in Information Technology from Florida State University 2016

Thank you for taking the time to read this cover letter. I look forward to coming in for an interview to further discuss how my background is a good fit for this position. I can be reached at (352) 275-8997 via phone call/text or my email: justinkurdila@gmail.com

Sincerely,

Justin Kurdila, MSIT
